Notice of Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: http://www.uspto.gov/main/howtofees.htm.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2002, 37 CFR 1.18 is proposed to be revised to change the patent issue fees as set forth below. As stated above, the final fees may be a different amount, and applicant should check the web site given above when paying the fee.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))--\$655.00 By other than a small entity--\$1,310.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))--\$235.00 By other than a small entity--\$470.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))--\$315.00 By other than a small entity--\$630.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Conard on 08-13-2002.

The application has been amended as follows:

```
claim 4, line 1 - after "wherein" insert --when-- and change "has a" to --is in the--;
claim 4, line 2 - change "in which" to --,--;
claim 5, line 1 - delete "front and" and change "panels" to --panel--;

cancel claim 7;

claim 17, lines 10-11 - delete "side panel's"; claim 18, line 10 - before "panel" insert --respective--; claim 18, lines 10-11 - delete "side panel's"; and claim 18, line 11 - change first "a" to --said--.

Reasons for Allowance

- 2. Regarding claims 17 and 18, the following is an examiner's statement of reasons for allowance: Ollom et al. (US#1282117) discloses an enclosure comprising: a pair of panel mounts being viewed as the opposing side walls of the tray 1 which are directly coupled to a pair of side panels 3; the side panels movable between a storage orientation between the panel mounts, and an extended use orientation; a top panel 9,12 having a storage orientation between the panel mounts and a use orientation in which the top panel is projected from between the panel mounts and pivoted downwardly and forwardly to overlie and engage the side panels; a front panel 6 which engages the side panels and component 12 of the top panel; and the side panels being pivotally coupled to the panel mounts via hinges 4.
- 3. Ollom discloses coupling the side panels 3 and the front panel 6 together via cooperating channels 5 and flanges 8. Ollom fails to disclose or suggest coupling the side panels and the front panel together via links whereby the side panels are pivotally coupled to a respective link and each link is pivotally coupled to the front panel. Accordingly, it would not have been obvious to one of ordinary skill in the art to modify the enclosure of Ollom by coupling the side panels and the front panel together via links whereby the side panels are pivotally coupled to a respective link and each link is pivotally coupled to the front panel.

Application/Control Number: 09/691,328

Art Unit: 3677

4. Any comments considered necessary by applicant must be submitted no later than the

payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for

Allowance."
